

We at Palma are deeply saddened and angered that any child on the Palma campus was ever subject to any sexual abuse. In order to further promote healing and reconciliation, and in accordance with our Court required Settlement Agreement, The Christian Brothers Institute of California d/b/a Palma School has listed the names below of current, former and deceased brothers and former priest who had credible claims of sexual abuse brought against them. It is important to note that the merits of most of the claims were not tested.

- Brother Jerome Heustis
